**Subject:** Streaming live meetings  
**Date:** 11 June 2025 13:15:02

---

Afternoon all.

We have discussed live streaming of PC meetings before but it seems to have gone off the boil but can't remember why.

After reading an article on councillors corner on Facebook the general consensus is it's a good idea if not essential.

Could it please go on the agenda for June for further consideration.

All the best

Lyn
